

**Letter of Appreciation**

Date – Sept 25, 2021

To: CISO Cybersecurity  
New Delhi 110 001

As per letter of Intent SRM/UNIV/AP/20-21/0 dated 8<sup>th</sup> Aug 2020, we hereby are confirming that DigiProctor, AI powered remote examination tool was deployed at SRM University AP campus from 28<sup>th</sup> of August 2020 for examination of various disciplines viz Engineering, Marketing and Arts courses until Dec 2020.

This was the first time SRM AP campus has gone on digitisation of examination process which helped us to do +12000 tests in less than 4 days with highest level of security of question paper preparation, delivery and assessment of answer sheet.

User-friendly work flows mapped very closely to real life working in the software was another great feature

Wishing you all the success for long association

Professor Prakash Jadhav  
SRM University, AP
